Silver Parties at Pocatello are Coming Closer Tognther.

A FEW RADICAL POPULISTS

Seem to be Somewhat Delaying an Agreement, but Indications are It Will Come,

[SPECIAL TO THE "NEWS."] Pocatello, Idaho, July 21.—The indica-

tions now are that the proposed fusion between the three silver parties will be effected. The Populists, after an exciting session this morning, instructed their conference committee to meet again with the others, though the meet again with the others, though the ultimatum was not rescinded. When the Democratic convention met, its committee had offered an apportionment of officers which the Populists rejected. The convention instructed the committee to siand pat. The Populists demand two more places, but have abandoned the plan to secure control of the State boards.

It seems that the more radical element among the Populists is in the saddle just now; but as soon as conservatism again has sway there will be fewer obstacles in the way of fusion.

ANOTHER SPECIAL PREMIUM.

The B. F. Saunders Live Stock Commission Co. offer a special cash pre-mium of \$50 to be used in the live stock departments at the 1900 State Fair.

Director W. G. Cragun writes from Utah Hot Springs, July 7, 1960, as follows: "I am pleased to hear that things are moving along smoothly for a good fair this fall. I am doing all I can in this vicinity. I have distributed the premium lists sent, and can use a few more to advantage. Everythings looks bright for a wonderful display of fruit this fall.

The fruit crop is very heavy and the outlook is that it will be of good quality where the water supply keeps up. While the fruit crop is heavy all over the country still the demand so far has been heavy so we are hoping for a good season all around."

A CHANCE FOR SCHOOL BOYS AND GIRLS . . .

HE reports of the census enumerators of this city are now in Washington. In a short time the figures will be announced. To stimulate interest among our school boys and school girls in the subject, the Deseret News has decided to offer ONE STANDARD DIC-TIONARY, value \$12.00, to the boy or girl who first guesses nearest the correct figures. The only conditions are that each guesser shall have been enrolled in some one of the schools, or colleges of Salt Lake, or at the Utah University during the year just past, and that each shall be limited to one guess. In case of a tie, the ownership of the dictionary shall be settled by lot. The guesses will be recorded daily, in the order in which they are received. The "News" has arranged to receive the figures by wire from the census office in Washington as soon as they are known, and the first guess received, coming nearest the correct figures will be awarded the prize. No guesses will be recorded except those regularly filled out on the guess coupon below. Cut it out and send it with your name, your address, the school you attended and the figures,

New York, July 21.-The Evening World publishes the following from its Tien Tsin correspondent, under date of Che Foo, July 19, via Shanghai, July

The attack on the native city of Tier Tsin on July 13, resulted in the narrow-est escape from what seemed up to est escape from what seemed up to midnight would be a terrible disaster for the allies. The Russians swinging north and the other allies south at daybreak, the Russians were to take the forts near the native city wall and the other allies the city itself.

General Fukushima, the Japanese ommander, promised that the Japan ese engineers, after three hours' shell fire from all guns, would cross the bridge over the wall and blowing up the great south gate, making a breach

for the infantry to enter.

Upon this depended everything. General Fukushima had not scouted the bridge, and in twenty-four hours had not scouted the ground over which the charge on the bridge had to be made. DESTROYED THE BRIDGE.

The Chinese destroyed the bridge and flooded the land around it. The allies shell fire in no wise subdued the Chinese rifle fire from the loophold wall which was thirty feet high with a moat twenty feet in depth around it.

An outer wall of mud made it impos sible for the infantry and marines com-ing on the field to reply to the Chinese fire. They lost fifty men in ten minutes.
